Note

Letter no 471/93, dated 2nd Aug 1902, from the Deputy Commissioner, Kolar District, submitting a Consolidated measurement bill for Rs 4310. 6. 10, for the works executed to the Sri Someswaraswami Temple at Kolar.

—"—

Government in their Proceedings no 806-7 Murzt 21-92, 11th May 1893, sanctioned an Estimate amounting to Rs 3240/- for repairing the Sri Someswaraswami Temple at Kolar Town, and directed that the charge should be debited to the State Funds But as that year had nearly come to a close, only a sum of Rs 1000/- was ordered

to be placed at the disposal
of the Deputy Commr. out of
the State Grant of that year
for payment towards such
of the works as would be
carried out before the 30th June 1893.

The work was being pushed
on till the end of December 1895,
when the Deputy Commr. requested
that the balance of Rs 2410/-
might also be placed at his
disposal. This request of the D.C
was granted - Vide Govt Pro: No:
799-800 / Mudt 21-92, dated 1st February 1896.

X. No 2295/601, D 19.12.95.

In September of that year,
the D.C. submitted for the sanction
of Govt a revised Estimate amounting
to Rs 4361/- as having been duly
checked by the Executive Engineer
of that Division, and stated
that all the works provided
therein were necessary to the
Institution. In reply, he was

asked to submit a Supplementa
Estimate for such of the additiona
works proposed over and above
the Estimate Sanctioned in
the Govt: Pro: of the 11th May 189:
Such an Estimate was according
submitted for Rs 957/- and this
was also sanctioned in Pro:
No. 706-7 dated 23rd Decemr
Insert 21-92
1896.

A few months thereafter,
it came to notice that all the
works sanctioned to the temple
had been completed except
the pillars of the Kalasas an
the Deputy Commr: was there-
upon asked to postpone the
latter work unless it had been
already commenced. In reply,
the D.C. reported that the con
tractor to whom that work h
been entrusted, had already
purchased gold to the value
of Rs 400/- and that he
is in serious loss if at

stage, the work was to be held in abeyance, and recommended that it may be ordered to be proceeded with. The D. Cs recommendation was sanctioned, and he was requested to submit a comprehensive Bill at an early date for in view to speedy adjustment.

Some time thereafter, the late Muzrai Supdt had gone to Kolar, and having inspected the Sri Someswara swami Temple, ordered the execution of some additional works to the Instn. For these and for others suggested by the Executive Engineer Mr. Arunachella Mooss another Supplemental Estimate amounting to Rs 602/- was sanctioned. Vide Govt. Pro: No. 635-6 Muzt 21-92, dated 3rd December 1899. On the same date another communication was addressed to the Dy Commr requesting to be furnished with a Consolidated Bill for all

the works executed to the Temple including the gilding of the Kalas (which, it was presumed, would have been also completed), in view to the final adjustment of all the payments made thitherto.

In pursuance of this order, the D.C. has now submitted* a Consolidated measurement Bill for Rs 4310-6-10, for the works till now executed to the Instr towards which, he reports, a sum of Rs 4310-1-4 has been already paid. It is submitted that a proper check was made in this office, and it is found that that sum, viz Rs 4310-, correctly represents the ordered to be paid for the work from time to time on measurement bills passed in the mis. finally noted Govt Proc. In the same communication,
the D C. states that the work
of gilding the Kalasas of the
Temple has not yet been com-
pleted, and requests that
the sum of Rs 750/- sanctioned
therefor may be ordered to be
paid from the current year's
State Grant, and placed at
his disposal for the pushing on
with the work.

With reference to this point
it has to be mentioned that
on a reference to the sanctioned
estimates it is found that
sum of Rs 375/- only has been
provided for this item, and not
Rs 750/- as stated by the
Deputy Commissioner.

The 3 Estimates sanctioned up to date amount to Rs 4963, which includes a sum of Rs 375* provided for Kulasa. It is not known how the Dy Comr states that a sum of Rs 450 had been provided in the Estt.

2nd From the measurement bills it is observed that a sum of Rs 1000 has already been paid to the Contractor for Kulasam work. No mention is made of this in the D.C's letter now received

Note continued:—

The Deputy Commissioner who was requested to report about the preparation of the gilded Kalasams to the Gopuram of the Sri Someswara Swami temple at Kolar, States that a Sum of Rs 100/- was spent for the preparation of two Copper Kalasams, that a Sum of Rs. 652-9-2 is available out of the Sanctioned Estimate for Rs 4963/- for the execution of the repairs to the temple, that about a Sum of Rs 1000/- is required for their installation on the Gopuram and that an Estimate will be Submitted for Sanction if the proposal is approved.

He Solicits instructions as to the ceremonials to be observed on the installation day of the Kalasams, the auspicious day on which they are to be

installed and the cost th[at] may be incurred for the h[ead] f[ro]m.

Estimates amounting to Rs 4963 were sanctioned from time to time the charge being entirely met from the State funds of 1892-93 and subsequent years.

Completion bills amounting to Rs 4310-1-4 were forwarded in 1902 and the accounts closed. A sum of Rs 652-9-2 (which must be Rs 652-14-8) is not available now as supposed by the Dy Comr, it having lapsed to the State. This may be pointed out to the Dy Comr

The question is whether the Superintendence or Executive Engineer, estimates is to be sanctioned?
6/1

With reference to para 5 of the Notes by the Dewan of his inspection of the Kolar Town on the 15th July 1887, and in obedience to that Officer's verbal orders, I beg to submit herewith the Marginal noted estimates for repairing the temples of Kolaramma and Somaswara at Kolar. The estimates prepared by Superintendence Arunachallam Mudr. for these institutions amounting to Rs 666 and Rs 987 have been reduced by the Executive Engineer to Rs 351 and Rs 431. respectively

but the items struck off by the latter Officer are not very costly, when compared with the existing architectural beauty and importance of these religious places, which the Government desire to preserve, as being of archaeological and historic interest. The Superviser's estimates provided for all necessary and urgent repairs, and would in my opinion prevent to a great extent the wanton destruction and disfigureation of the images by cattle &c. &c. I would, therefore, solicit sanction to the said Supervisor's estimates amounting to Rupees 1653/ to be met from the Provincial Margosi surplus funds, as early as Convenient.

brought this State of affairs to the notice of
latter and begged him to be pleased to s
the requisite outlays to restore the impor

It is scarcely necessary for me to mention here that His Highness the Maharaja, the Dewan and Chief Secretary have seen the temple and the ruined condition of some of the important ...ks therein, when they visited it, and that if the ...mple is to be prepaired in the manner provided ...n the Estimate, it will be a perpetual ...mory of the Royal visit to Kolar.

In acknowledging the receipt of your letter of the 13th June 89, No. 868/127, I am desired to state that it is impossible to deal with the question in the absence of a full report of the necessity, nature and cost of each item of work proposed, and to request that you will submit such a report with the opinion of the Executive Engineer at an early date.

I am to add that the estimate

repairing the Someswara temple is a large one and if the inhabitants of Kolar would contribute half the cost of repairs, the Government in the Muzrai Department would give the other half.

Dated Kolar 16th Sep. 190

From

The Executive Engineer
Kolar Division

To,

The Deputy Commissioner
Kolar District

Sir,

In returning the estimate received with your No 1685/991 of 14th September 188 for repairing the Someswara Temple. I have the honor to inform you that the first item in the estimate is for ornamental plastering, amounting to Rs: 1250. This I would recommend being omitted. Because the patching that will be done, will surely go to ruin as the original work has gone Besides the work proposed to be so touched up. is gone too far to ruin, to be materially improved by the proposed outlay.

2. The remaining items of the estimate I consider necessary. They provide for re-construction of one of the walls of Yagasa that has fallen down, for raising the parapet wall on the west to prevent mischievious into the

Someśvara temple

Please refer to my letter dated 7th Feby. 1889. The cost borne by the devotees of Someśvara temple on account of 2 car processions and miscellaneous ceremonies exceed 600 Rs a year.

In addition to this and the subscriptions paid to other temples processions, they could not pay for the repairs of the temple building. An attempt was made to get subscriptions by the Amildar and others, but to no good.

The Executive Engineer now recommends that the repairing of the small towers, called "Putha Goparams" may be omitted as the work will go away as the original work has gone. The ornamental work is not very much gone, and if it can be taken, the damaged portion can be substantially repaired as it has been done in many old temples. To leave these Goparams as they are, will be to see them fall into ruins in course of time, and the object of preserving good old works would thereby be defeated.

It is admitted by all that this temple has a history of its own, and that its work is extraordinarily good. The Government would not wish such a work to be lost, for the sake of a thousand Rupees.

His No 2555/601 dated 2nd Decr/90 submitting for sanction an estimate amounting to Rs. 2366/ for repairing the Gomeswar Swami temple at Tholavvide

---

Referring to the above observes that the of Chunam plastering at Rs 2/ per square feet 32·75 amounts to Rs. 64/ and not Rs. 36/ as mentioned in the abstract

is unable that the temple has no funds at its disposal to meet the large outlay of Rs. 2,766/- and the Govt do not deem it expedient to sanction such a large sum from the Govt general surplus funds of only Rs. 4,790 and odd available at the credit of the Dist as this sum is required for the current expenses of different institution in the Dist.

2. Under the instructions laid down in the late chief Commrs circular No. 4 dated 3rd Octr/71 and his Pro: No. 5222/861 dated 7th Octr/74, it is binding on the part of temple managers and the communities interested in its preservation to contribute moiety of the estimated cost of repairs. Unless it is certified that such portion has been duly recovered and credited to Govt, sanction cannot be accorded to the repairs of the temple.

3. The Dy Commr is requested to report whether the temple managers and the communities interested in the preservation of the temple totally decline to pay their quota of the charge and whether repairs have been executed to the Kolar ammas

Memorandum.

In re. Repairs required for the Someswara temple at Kolar Town.

There can be no question that this is an ancient temple of good old work, and that the building and Compound walls have been more or less damaged from long wear and tear.

2. When His Highness & the Dewan visited this Town in 1888, the disrepair of this temple was noticed by them and a hope was held out that something would be done to better its condition as in the case of important temples in other Districts.

3. When the estimate was submitted, it was returned by the Chief Secretary for a report of the necessity, nature & cost of each item of work with the opinion of the Executive Engineer with a remark that if the inhabitants of Kolar would contribute half the cost of repairs, the Government would give the other half. See letter No. $\frac{4338}{163}$ dated 2nd September 189.

4. An attempt was made to get a subscription but it was proved unsuccessful. This was

reported by the Deputy Commissioner in his letter No 2555 dated 3rd December 1890 submitting at the same time the opinion of the Executive Engineer & my Memo dated 3rd October 1890, and this reference does not appear to have been replied to as yet.

5. The Dewan saw the Temple again when he was here in January last, and the estimate provides for the items Mr Seshadri Iyer himself pointed out or approved of by him as necessary. The front Veranda to the Kalyana Mantap has been considered necessary because for want of sufficient funds for the annual processions, the said Mantap has been practically given up. This abandonment is very undesirable and the construction of this additional small building may be kindly accepted.

6. The Dewan meant that the whole of the Mahamedan houses to the west of the temple should be removed & the site added to the temple premises. But the Taluk Revenue Authorities left off a new building by the road side, because the compensation for that building alone may amount to 500 Rs or thereabouts & because by its retention, no harm will be done to the

temple

Compound wall. Leaving this building as it is, there will be about 14 yards vacant open land to the west of the present Compound wall.

7. This temple has no surplus funds and the balance of the District surplus funds are not much, I think so the Cost may be met from general savings in the Koozooroy — Department.

Sir

With reference to your docket No 432/14 dated the 8th instant returning for further information an Estimate amounting to Rupees 3410 for repairing the Someshwara Swamy temple at Kolar, I have the honor in resubmitting the Estimate with plans & received therewith to forward the accompanying copy of Mr. Assistant Commissioner A Lakshmanaswamy Mudaliar's letter No 86 of the 29th Idem and to request that under the circumstances therein explained you will be good enough to obtain the Revenue Sanction to the Project

To

The Deputy Commissioner
Kolar District.

Sir,

In returning the accompanying docket No: 432/14 dated 18th instant from the Secretary to the Dewan in the Mawzrai Department with its enclosure, I have the honor to state that it will be observed from my communications submitted to the Chief Secretary with Your Nos: 869/127, and 2555/601 of 13th January 1889 and 2nd December 1890, that the repairs to the "Sri Someswara temple" which has an historical interest were quite necessary that the devotees and others could not pay anything towards the cost of such repairs, since they pay their quota, to defray the cost of annual and periodical car and other processions amounting to 500 or 600 Rupees a Year, and that the attempt made by the Amildar and others, after receipt of the Chief Secretary's letter No: 4336/163 dated 2nd September 1889, to collect subscriptions towards this end proved unsuccessful.

the people have again been appealed to with similar unsuccessful result, and I am satisfied that nothing could be got out from them on this account.

3. Although Inam Villages and money allowances were given to this temple in former days for its management and for the conduct of periodical processions, the Government pays now, only Rupees 3-10-3 per month to the Archaka, for deeparadhanay, and nothing more.

4. All these were clearly made known to the Dewan in person, and after personal inspection of the temple and its works, he was pleased to order the submission, without delay, of a revised estimate for early sanction. Mr: Sheshadry Iyer himself pointed out certain works to be included in the said estimate for the good of the temple.

5. I beg to add that the repairs to the Gurbah Gopuram are very necessary, and should they be abandoned for the sake of a thousand Rupees, the worn out and ruined condition of the whole of the temple buildings would continue to present an ugly appearance. I would

therefore recommend that the revised estimate prepared by the Executive Engineer may be resubmitted for kind sanction of the Diwan, in its entirety.

6. I may here mention that the repairs to the Kolaramma's temple, sanctioned in the Diwan's Proceedings No: 981-2/42 dated 8th May 1888 have already been effected. But that temple has no connection with "Sri Someswara temple" in any way, and further those two temples situat at some distance from each other.

In submitting herewith a detailed statement in the form appended to your docket No 277 Inung 721-92 dated 11th September 99 under referen I have the honor to state that a Sum of Rs 297, -5- 4 was actually drawn from the and paid to the Contractor from time to time the works carried out to Sri-Someswarasawmi temple at Kolar - of this, measurement bill amounting to Rs 900/- paid to the Contractor on the 9th March 97 was filed with the record

oversight

oversight instead of being submitted to you for countersignature and transmission to the Comptr. for audit, a sum of Rs 0-15-9, which was paid to the Contractor on 9th May 95 after adjusting the advance of Rs 1000 (drawn on the 28th May 1893) on receipt of his measurement bill for Rs 1009-15-9 was not noted in the former correspondence, as the payment was reported separately by the Amildar, Hence the difference.

2. Excepting the gilding of Kalasams (finials) the remaining repairs have all been reported to have been executed as per sanctioned estimate, the lowering of the ground round the temple and extending the Kalyana Mantap were consider-ed unnecessary and the savings on these items of work utilized for extending compound wall &c as can be seen from 1st para of docket No 501 dated 20th October 99 from the overseer, Head quarter Sub Division, to the Executive Engineer Kolar.

3. As for the extra works carried out under your instructions referred to in your docket, para 3, an estimate for Rs 500/- received from the Executive Engineer is herewith submitted for sanction.

Sir,

With reference to your docket No: 637/21-92 dated 18th December 1899, calling for a consolidated measurement bill for the works done to the Sri Someswara temple at Kolar as per estimates for Rs 4963 sanctioned in Government Proceedings No: 806/K.F. 21-92 dated 11-5-1893, 706-7/K.F. 21-92 dated 23-12-96, 685-6/K.F. 21-92 dated 18-12-1899, I have the honor to submit herewith a consolidated

Consolidated measurement bill received from the Executive Engineer, Kolar Division, for Rs 4310-6-10, for which work has been done upto date. The gilding of the Kalasa has not yet been taken on hand, as the local contractor asked for a large advance to purchase gold required for the purpose. The provision made for this item of work in the sanction Estimate amounts to Rs 750/-. If this amount which has already lapsed to the state owing to the non-execution of the work upto now be kindly sanctioned for the current year, I shall have the work taken on hand and completed at an early date.
